Third time's the charm

Hello FanWings!! This here is your Town Square *gestures outwards towards a vast open area with a fountain at the center. The air is cool and autumnal, leaves gently fall to the ground around the cobblestones. A flame colored dragon flies by overhead*

This is ridiculous! The Glitches have obliterated our previous two towns! They must be Debugged, or else this will continue happening. *thumps down suitcase on cobblestone* *pulls out an empty box which previously contained some mushrooms*
We must set off through ~~the ancient ruins of Mod~~ the entire Scholastic MBs Kingdom to find the missing keys to the Debugger!

HEAR YEE HEAR YEE THIS AINT GETTING DELETED AGAIN *shakes fist in the air*

[Announcement]

Happy Halloween everyone!!! Hope you are donning your spooky best this evening.

[Question Corner]

@Hawk the dragon should have a name! Any ideas? Maybe "Cerise."

@Eliza Yes I do like it and I love that you slipped Hamilton references in there ;) Will they save George Washington??

@Tesla *sigh* It is quite annoying. I'm going to try something drastic to protect it until I know the issue is solved. That means cutting the text in the original post. My own thread is getting caught by the filter after it's been posted. Now I understand more of how frustrating it is to have your posts getting filtered!

@Nightmare I'm afraid not yet! But some folks here have their theories. There will be more details soon, I've been leaking small ones slowly all over the various forums.

@Scientist (is this your nickname?) Both the SAMB and 39 Clues MB are still around after the series' ended. We don't close forums when a series ends, they do tend to get a little quieter without the hype for a new book but still are filled with RPs, stories, and jokey threads.

@Grendel I can provide you with 3 items as you set out on your journey for the Debugger to save the Town Square. First, the Filter Net: throw it to ensnare those that would delay your quest. Second, the ancient MOD Staff of Bumping: it will be sure your quest is always seen. And finally, The Blue Mug of Inspiration - a cup filled with everlasting tea that will fill you with vigor when you think all is lost. It will be a long and arduous quest but I believe in you!

@Forest Darn deletes indeed >:(My least favorite food...I don't like grapefruit. I really wish I did because I see people eat them and they *look* delicious, but I can't stand the flavor.

@Ishmael A work email is something I'm afraid I can give out. You can write me a report if you want to notify me of something. I have been reading any reports coming through to me, you can even report one of my posts if there's something really important I should know but you don't have a good post to report.

[Forum Prompts]

What was the prompt in the previous thread? Spooky scary skeletons? Let's go with that.
But also, what is your favorite candy?

I honestly can't believe I overlooked this thread at first; it's quite a good idea!

So, uh, is there a date the glitches will stop? I don't really know, I'm not exactly up to date with the mods' posts ~~because I spend all my time on FWRPs~~ but it would be nice to know if action will be taken on the glitches.

Thanks!

Hear yee hear yee, the trumpets herald in delivery of some new news. Nothing beats new!

[Announcement]

Happy November! I'll make a NaNoWriMo aka "National Novel Writing Month" inspired-post later today, it seems really relevant for many of you. The tl;dr is that you should try to write a full story during the month :D

[Question Corner]

@Nova It is my one and only!

@Marine That's a secret ;) But you can guess and I'll tell you if you're close.

@Fantasy Reese's is far and away my favorite. Runner ups are: York pep patties, Haribo, Sour Patch Kids. I also really love fancy chocolate, it's my bougiest taste. I'm talking the $10 chocolate bars with pop rocks or potato chips or other interesting things in them. They're a special treat. Cricket is my favorite character, she's so inquisitive.

@Scientist sounds perfect! Throw us some of your nerd puns!

@Grendel I wish you the best of luck~

@Quartz It's so fun! I heh heh definitely did *not* play it for an inappropriate amount of time yesterday. I'll have to check out the 2016 one.

@Nephrite not yet, but a lot of other folks on the team have. I think I'll get to meet her in the future which I'm excited for. Peril is my favorite WoF character!

@Specter Action will and is currently being taken on the glitches, I don't have exact dates but I know we're working on it.

@Fennec I haven't seen either :(I did play the Coco VR experience which was cool! But I still need to see them both.

@Reading it got removed by our own system >.< Third time's the charm though! If you asked something before and don't remember the answer you can feel free to ask it again.

Happy November! **For real this time** I'll make a NaNoWriMo aka "National Novel Writing Month" inspired-post later today, it seems really relevant for many of you. The tl;dr is that you should try to write a full story during the month :D

[Question Corner]

@Vellichor ahhh the Great Candy Corn Debate. I do like candy corn. I always feel gross after I eat a bunch, but I'll still eat them. Literally just sugar nuggets, yum.

@Fennec yep, I see it. It's caught for an annoying reason, might have to do with the word "biromantic." Writing the sexuality of your characters is of course fine, but sometimes the filter picks up on some words and blocks the post because of it. I wish I had the ability to push this sort of post through but I don't (yet)

@Tesla Peril's quote about the crocodile. "Thank you for not screaming or fainting or throwing a crocodile at me." Always one of my concerns whenever I meet new people.

@Specter Thank you, that made my day ^_^

@Grendel I found one of your RP posts (for this one /343309) in the filter and it was caught due to the description of violence.

This is more of a question about Hive and SilkWing names.

Is it possible to have a Hivewing or SilkWing named after a flower? In some logic I have thought of maybe XD? Cause like moths and bees relate to flowers in a way cause it's a good source...? I don't know but like would they be named after a flower? 0w0
